Royal Silk

Silk effect

Saturn

Pluton

Baza srebrna

Pluton

Saturn

High-quality paint for indoor use with a structure imitating the surface of silk fabric. Due to the presence of pearly filler material, the surface to be decorated obtains an effect of glimmering reflections that change with respect to the angle of light incidence.

Coverage: 7 - 9 m²/kg.
Tool: Venetian trowel.
Package 1kg.

Concrete-look paint

Decorative mineral paint

Foto: hompics.com

Elbrus

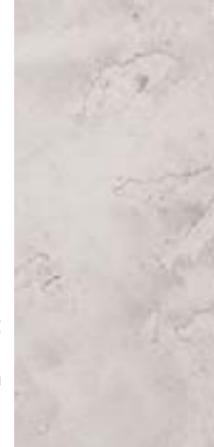

Broad Peak

Mont Blanc

Elbrus

Mount Everest

Broad Peak

Mont Blanc

A decorative paint based on a mineral binder. Appropriate application provides the effect of raw concrete with characteristic roughness, spalling, and pitting or the effect imitating architectural concrete slabs. It is perfectly suitable for wood, glass and glossy metal. It masks small surface imperfections for industrially arranged buildings.

Coverage: 4 m²/op. Tool: trowel roller.
Package: 8kg.

Decorative concrete

Mineral plaster

Decorative concrete + Colorant black

Decorative concrete + Colorant black

A fine-grained mineral plaster for interior use. A perfect imitation of raw concrete. It is a perfect decoration of modern interiors that goes well with metal, wood, and glass. Proper application ensures an irregular pattern, pitting, and discoloration typical for concrete.

Coverage: 1 - 2 m²/kg. Tool: Venetian trowel.
Package: 5 kg, 10 kg.

Inspiro

Structural paste fine-grained

A smooth fine-grained paste for interior use. It is extremely malleable and easy-to-apply using various tools, such as a trowel, spatula, textured roller, sponge, comb and film. It allows you to create an unlimited number of modern, traditional and antique designs.

Coverage: 0,7 - 2 m²/kg. Tool: trowel.
package: 1 kg, 7 kg, 15 kg.

Anticco

Structural paste coarse-grained

A coarse-grained textured paste for indoor use. This is very flexible and easy-to-apply textured paste to be applied and shaped using various tools. **The Anticco** paste creates a coarse surface, and therefore it is perfect for creating Mediterranean-style interiors. It is also perfect for creating surfaces of sandstone, old walls and many other unique decorative effects.

Coverage: 0,5 - 1 m²/kg. Tool: trowel. : 1 kg, 7 kg, 15 kg.

Effecto

Retro style structural paste

Decorative paste with a distinct texture for interiors. It is extremely flexible and easy to apply and shape structures. Due to its special formulation, there is no cracking if thick coats (10 mm and more) are applied. It provides beautiful decorative effects, both in modern and retro style imitating old antique plastering.

Coverage: 1,5 - 2,5 m²/kg. Tool: trowel. Package: 7 kg, 15 kg.

Stiuk

A perfect marble imitation

Highest quality product for decorative painting of walls and ceilings. Stucco makes the surfaces an excellent imitation of marble, also known as antique Venetian plaster, characterized by high gloss and depth effect. The painted substrate is smooth and cold to the touch.

Coverage: 1,4 m²/kg. Tool: venetian trowel. Package: 4 kg, 12 kg.

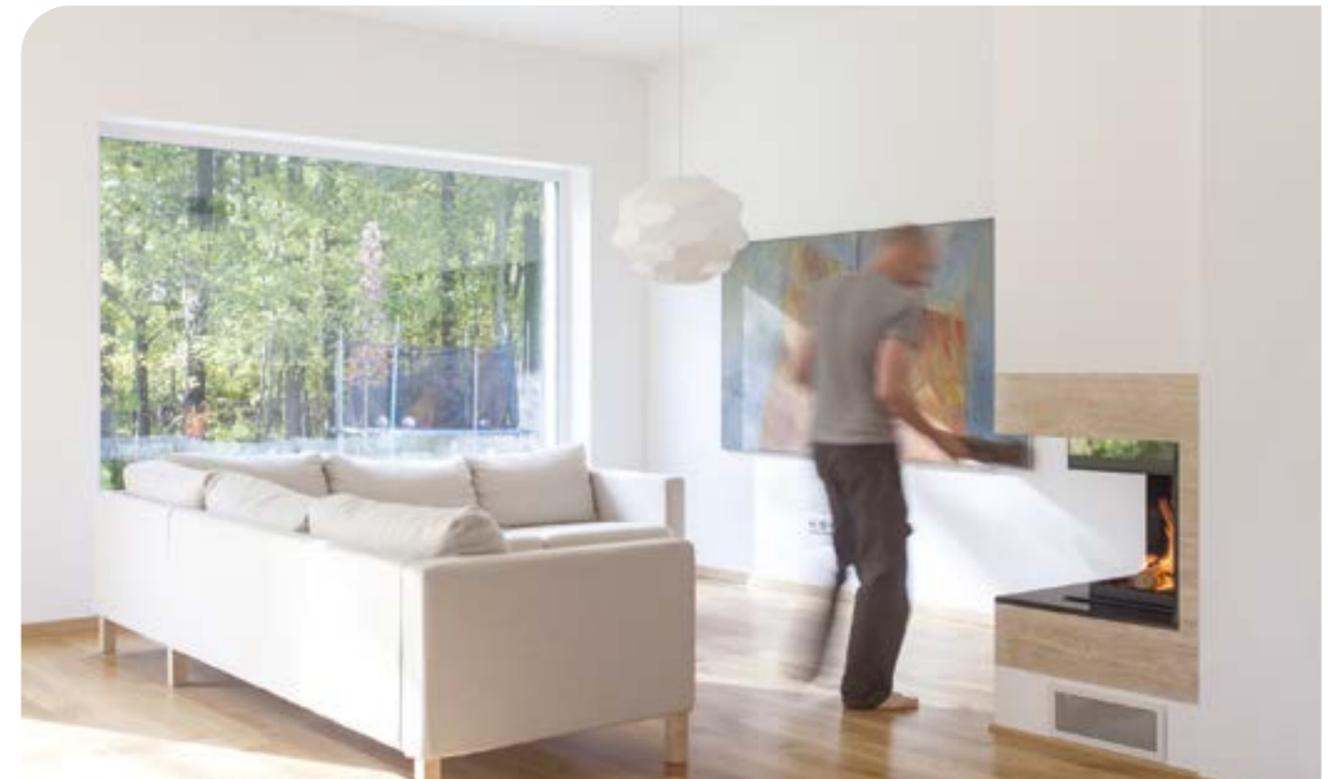

Travertine

Natural plaster

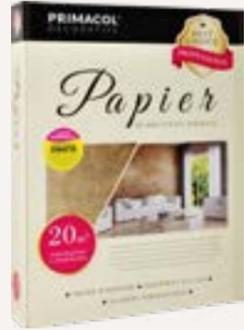

Premium interior plaster based on natural lime binders and marble dust. It creates an effect imitating travertine with visible elements of the internal structure, natural spalling and pits. A beautiful, classic effect for the most prestigious interiors.

Coverage: 1,4 m²/kg. Tool: Venetian trowel, roller.
Package: 3kg, 12kg.

Paper for creative decoration

Decoration of walls and ceilings

A special type of paper, designed for decorating walls and ceilings, but not only - it can also be used for decorating furniture, doors, ceramics, etc. You can easily obtain surfaces imitating leather or decorative plaster. Paper can be used on various surfaces, such as: gypsum boards, plaster, concrete, wood.

Coverage: 20 m². Tool: roller.
Package: 40 sheet 70 x 100 cm.

Magnetic chalkboard paint
Magnetic Paint
Chalkboard paint

Acrylic paint for preparation of chalkboard surface intended for drawing and writing with chalk. After it is completely dry, the surface can be washed with a damp cloth or sponge. The paint is characterized by excellent hardness, adhesion of the coating to the substrate and water resistance.

Coverage: 3-4 m²/package (1 layer).
 Tool: roller, brush.
 Package: 0,75 l.

Magnetic Paint lends the wall the properties of the surface of a fridge - it attracts magnets. Its application facilitates decorating walls or ceilings with posters, pictures, photographs, etc. without using drawing pins, glue or adhesive tapes, which destroy and soil the surface. To obtain full decorative effect, after applying it on the wall it should be coated with the paint in a desired colour.

Coverage: 5 m²/l (1 layer).
 Tool: roller, brush.
 Package: 0,75 l.

The magnetic blackboard paint is a perfect combination of two most desired effects: a magnetic paint and chalkboard paint. The painted surface is like a magnetic school board. You can write and draw on the surface with chalk or attach paper pictures with magnets. Once completely dry, the "board" can be washed with a damp cloth or sponge.

Coverage: 5 m²/l (1 layer).
 Tool: roller, brush.
 Package: 0,75 l.

Decorative stencils

Lace - stencils MEGA

Leaves - stencils XXL

Cats - stencils XXL

Mystery - stencils MEGA

Unique wall decoration without hanging paintings, wallpapers and unnecessary renovations. Decorative stencils are the perfect creative solution even for the uninitiated. Decorative stencils are cheap and effective way to emphasize the individual character of any interior. Living room, kitchen or children's room - any space can be uniquely decorated. Stencils available in XXL (60 cm x 44 cm) and MEGA (62 cm x 91 cm) sizes. More about decorative stencils under the QR code

Textured paint

This is a top-quality structural acrylic paint with mineral additives in the paint which make the painted wall acquire an individual character depending on the type of paint. The products are suitable for the creation of an atypical effect and "warm" indoor climate (Piasek pustyni) as well as a room with a distinct texture (Baranek, Raufaza). The structural paints ensure good covering and are perfect for surfaces with small imperfections and cracks.

Coverage: 3-4 m²/l. (1 layer).
Tool: roller, brush.
Package: 5l, 10l.
